## **E30MRL with PUMP JET**

|                            |  |
|----------------------------|--|
| Model, Shaft Length, Color | MRL 20" Matte Black                            |
| Weight lbs (kg)            | 163 lbs (74 kg)                                |
| Starting                   | Rope   |
| Trim Method                | Manual Tilt w/ Assist Cylinder                 |
| Steering                   | Tiller   |
| Engine Type                | Inline 2-cyl. E-TEC DI                         |
| Prop Shaft HP              | 30 HP @ 5800 RPM                               |
| Operating Range            | 5500-6000 RPM                                  |
| Gear Ratio                 | 2.15:1   |
| Alternator                 | 81 Amps Total Output/<br>25 Amps Net Dedicated |

### **Additional Equipment**

1. Advanced Pump Jet Propulsion
